MANILA, June 3.- In an interview, Rear Admiral Enquist's executive officer

"When the battle began the admiral was aboard the cruiser Oleg, which was hit a number of times by large shot. There was an incessant rain of shot from quick-firing guns, and the ship was soon badly damaged.

"The admiral transferred his flag to the close range and the attack of submarines. We were overwhelmed by the latter. A mist arising, we made a dash for the open sea and were followed by the Oleg and the Jemtchug."
Rear Admiral Enquist is uninjured.

Capt. Egorieff of the Aurora was killed by a shell which struck the conning tower, and he was buried at sea the day efore reaching Manila.

The Losses. On the Aurora three officers were wounded, twenty of the crew were killed and eighty-three were wounded. The losses on the Oleg were thirteen of

the crew killed and eighteen wounded. On the Jemtchug the casualties were wenty-one junior officers killed and one wounded, twelve of the crew killed and thirty wounded.

From their appearance the Russian vessels are not damaged below the water line. Their funnels, however, are riddled by large and small shot. Several large shells pierced the cruisers amidships, and a number of guns were dismounted. All the Russian officers interviewed assert that a large number of submarines caused confusion and defeat. Rear Admiral Enquist has cabled his arrival to the Emperor of Russia. The battleship Ohio and the cruiser

Cincinnati are guarding the Russian ships. No official action as to their disposition has been taken vet.

Special Dispatch to The Star. MANASSAS, Va., May 3.-A case of more than ordinary interest to the people of Washington is to be tried in the circuit court here Monday morning. The defendant in the case is a young colored woman named Mary Bumbrey, and the charge against her is murder. It is alleged that she poisoned Reuben Green, also colored, near here several weeks ago.

The woman went to the home of relatives in Washington about the time Green died, and was arrested there by Detectives Hartigan and Baur. She was returned here and committed to jail. It is claimed by the state that she had threatened to take the colored man's life shortly before he was ooisoned.

The case is to be hotly contested, and promises to be an interesting one. Several witnesses from Washington are to appear

Further, the power of Canada to enact such a statute, leaving he rest of the empire without legislation on the matter, was questioned, when a re-tallatory law would enable the United States to return employes said to have been imported contrary to their statute to any dependency of the empire.

Rodgers and Shubrick Visit the Capital City.

Torpedo boats, the speedy little fighting ships of the navy, have been frequent visitors to Washington port lately, and it is stated the visits will be continued throughout the summer. Last week the torpedo boat Rodgers was in port, but as she lay here for several months a year or two ago she did not attract much attention along the river front. The torpedo boat Shubrick ran up from the Norfolk navy yard yesterday morning and tied up at the lighthouse service pler at the foot of O street southwest. The vessel is under the command of Lieut. John Marshall and she made the run up to this city to bring her commander here on some official business with the Navy De-partment. It is the first visit the Shubrick has ever made to this city, and her pres-ence in the harbor attracted a crowd to the

wharves.

The Shubrick is one of the largest of the 57.75 tons, is 175 feet long, 17½ feet wide and has a mean draft of 5 feet 2 inches. She was built by the Trigg Company at Richmond, Va., and was completed and went into service in 1902. Her engines are of 3,375 horse power and her speed is 26.07 knots per hour. The Stockton and the Thornton are sister ships

of the Shubrick. The torpedo boat sailed at daybreak this morning for Norfolk.

Grievous Result of an Assault Upon Richard Humphreys.

The loss of a lower lip is the result of an assault made upon Richard Humphreys, colored, of 18 Pierce's court southwest, about 8 o'clock last evening. Humphreys reported to the fourth precinct station house soon after the assault occurred, and he went later to the Emergency Hospital, where his wound was dressed. The police have been notified to look out for Joseph Parker, colored, who, it is declared, was

the assailant in the matter. Humphreys is said to keep a boarding house in Pierce's court, where the brother of Joseph Parker roomed. A month's rent became due and the creditor asked that the bill be paid. He says this was refused, and he ordered the roomer to remove his possessions from the house. State Makes No Case Against Warfield—Local Society Election. Special Dispatch to The Star.

ALEXANDRIA, Va., June 3.-Gordon Warfield of this city was arraigned this afternoon before Justice Caton at a special session of the police court to answer to the charge of stealing a watch, a necklace and several small articles of jewelry from the residence of Mr. Ferd. Bendheim, on South Royal street. Attorney C. C. Carlin appeared as counsel for the defendant, and Commonwealth Attorney Samuel G. Brent

Mr. Brent moved that the case be postponed on the ground that he had not had poned on the ground that he had not had sufficient time to collect the evidence for the prosecution. This was strenuously opposed by Mr. Carlin, who stated that his client had been put to trouble and expense to bring witnesses into the court room to prove that he was not in this city at the time the rob-bery was reported to have occurred. Mr. Brent again protested against an immediate trial, announcing that he would withdraw if the case was proceeded with, which he did. In behalf of his client, Mr. Carlin made a point of the admission of the common-wealth attorney that he did not have sufficient evidence to prosecute, and Mr. Car-lin asked to have the defendant dismissed, Justice Caton called Mr. Bendheim, who stated that while his name appeared in the warrant he was not the formal omplainant in the case. He gave no evidence against the accused, who: was thereupon promptly dismissed.

FAST BICYCLE RIDING.

Young Men Arrested on Pennsylvania Avenue Last Night.

Bicycle Policeman Mudd had a race last night after two young white men who were speeding along Pennsylvania avenue near the "Bowery" on their wheels. The officer overtook the men after a merry chase and escorted them to No. 6 police station, where they were registered as Pasquele Zueppi, twenty-six years of age, and Nicola De Orazio, aged seventeen years, both Italians. They were charged with violating the District regulations as to fast riding on bicycles.

When Policemen Mudd and Bateman tried to search Zueppi, before locking him up, the prisoner objected. The officer insisted and found that the Italian, who could speak but little English, was a walking arsenal. In one pocket was found a .38-caliber Colt's revolver, fully loaded, and in another pocket was a long-bladed dirk knife, such as is used by the Mafia. The ugly weapons will be used as evidence against Zueppi when he is arraigned in the Police Court tomorrow to answer two charges-carrying concealed weapons and fast bicycle riding.

Mrs. Weiss then recited Joaquim Miller's famous poem on the battle the women fought in their hearts while their husbands, brothers and fathers were fighting in the

delivery of beer on the reservation to persons who had bought it elsewhere. In a letter to the commanding officer of the post, Gen. Chaffee says "that deliverles of beer to commissioned officers for their own use and for the use of their families may continue, but that the deliveries to enlisted men shall only be made with the express consent of the commanding officer, who will be held responsible that the requirement of the act of February 2, 1901, the anti-canteen law, will not be evaded; that is, that a practice shall not be permitted to grow After a selection by the quartet Col. Butler Fitch, past commander of the encamp-ment, made a short address. He said that meritorious soldiers and patriotic citizenship make this the greatest country in the world. The American veteran exhibits a patriotic lesson to all countries, he said. They served their country and did their duty. They must now stand together, dur-ing the few years that remain of the lives, as comrades who have received their bap-tism in heroic blood.

Dr. Schick's Address.

After a solo by Mrs. Flora Lewis Rev. Dr. John M. Schick, pastor of Grace Reformed Church, was introduced as the "This is a beautiful service," the speaker declared, "and one that fills the heart with emotions that make one glad to be a participant. It is well that the members of Encampment 69 should turn aside from the

cares of life to pay tribute to departed comrades whom you have known and loved The veterans are closing ranks now-not to a foe, but to comrades who have answered their last earthly roll call. This whole nation unites to do honor to her sons who have put their lives on the altar of patriotism. It is well that the nation does remember them.
It is a lesson that cannot be too frequently impressed on the sons that are growing up, and without it no country can thrive." Dr. Schick spoke of the significance of Memorial day, when the people gathered about the soldiers' graves and dedicate them to the national integrity. This nation measures up her sons, he said. Decoration day does not lose its charm by the desecration of commercialism, and its people will always consecrate themselves to the purpose God has

Dangers of Peace. "The dangers of peace are even greater than the dangers of war," declared the speaker. "When men refuse to do straight duty for their country's weal, when treachery lurks in the folds of our banner, it is then that we like to remember the deeds of these who have offered their lives to the cause of patriotism. Decoration day does not stand for a gloating delight that we beat down a foe. It stands for a recognition of the hand of God, which has led this country in its hour of peril." Dr. Schick described the scenes that fol-lowed President Lincoln's call for 300,000 more volunteers, and told of the intense wave of patriotism that swept the country.

He spoke of the steady increase of immi-gration from foreign lands, of men who

sought prosperity and well-being in this country when they could not obtain it in their native lands.
"The problem that confronts us is whether a republic of self-governing people shall endure against elements that are seeking to rob and disrupt," Dr. Schick said in concluding his address, "We need men as servants of the living God; as pa-triotic citizens to meet the danger in whatever form it may come. There is no country in the world that offers opportunity to such men as ours. There is no country in the world where boys may enter the army as privates and by dint of steady devotion to a patriotic cause may reach the rank of generals and comand legions in the defense of the nation, bearing the privations of the field, the heat of the sun, the cold of the north winds with the courage and fortitude of real men, who are devoted to the principles of liberty and righteousness. The only thing to remember about a man when he is dead is what he has done. Fill your lives with deeds of kindness, acts of love and benevolence. Consecrate your lives to God and then memorial exercises

will mean much. The Concluding Numbers.

The speaker was heartily applauded at the conclusion of his address. After a solo by Mr. H. F. Statham and a recitation by Gen. J. Edwin Browne, past national commander, the audience sang "America" and Dr. Schick pronounced the benediction. "Taps" was sounded and the exercises were closed.
